

Building Trailers for Over 60 Years!

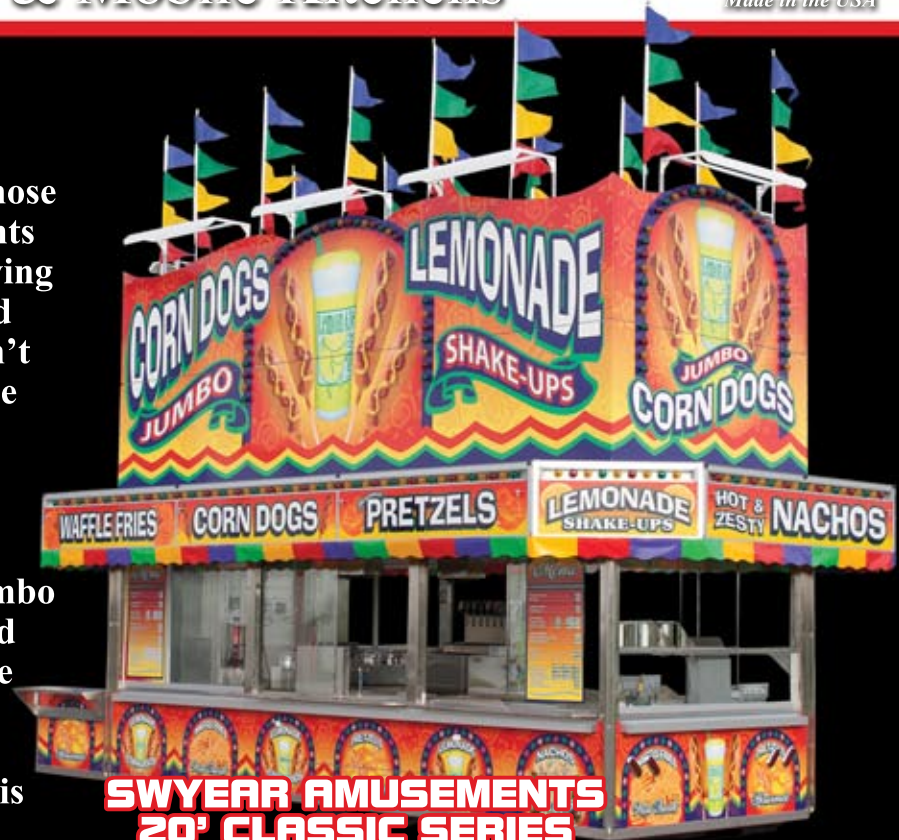

Custom Concession Trailers & Mobile Kitchens

Made in the USA

CUSTOM MANUFACTURING

For over 60 years Schantz Mfg. has built custom concession trailers and for 30 of those years Kathy Swyear of Swyear Amusements has been operating in one. "I've been buying from Schantz since 1980, I've owned 7 and this is my sixth brand new one. I just won't buy from anyone else, I've looked at all the others, but I just won't go any other direction than Highland, Il."

Schantz recently finished the 20' Classic Series trailer which will be used to sell jumbo corndogs, waffle fries, nachos, pretzels and lemonade shake-ups and it will be en route to its first event the day it is picked up. "We play county fairs, a lot of homecomings, but we are excited to get this trailer into a State Fair this summer," Swyear stated.

BUILD DATE: MAY 2011**

"Working with Schantz was great. It is very important because I am an owner operator and when I get in there I like things a certain way, it makes the whole operation smoother. Everyone does things differently; styles and workflows were customized in this trailer. Everybody at Schantz was friendly and accommodating, they made recommendations and were very open to my suggestions. Between us all, we got the trailer finished and it is beautiful!"

"We are really glad to have loyal customers like Kathy, who year after year come back because they see the value that a Schantz trailer brings," said owner Mike Schantz. Kathy Swyear summed it up by saying, "I like the Schantz trailer because it's a money maker. It just makes money...you can always count on it making the payments. I love it!"
